

We're excited to announce our Leaving Certificate study group for anyone in Co Meath who is in 6th Year and feeling anxious for the next few months.

With so much uncertainty still surrounding the Leaving Certificate, we explore with some of our young members how best to support them with their studies.

The group will provide an opportunity to rant and get those frustrations out of your system, before we settle into peer support study group. We will also be assisting with study tips, motivational work, CAO applications including HEAR/DARE students and college advice.

We are online every Tuesday at 6pm – 7pm.
